

**The world's
smartest hot water
system really looks
right at home.**

**Don't settle for 80% efficiency.
Merlin delivers an amazing 95%.**

Merlin brings you all the advantages of a gas-fired, continuous flow water heater, but with additional savings in running costs and a significant reduction in greenhouse gas emissions.

To enjoy the convenience of controllable, reliable hot water that never runs out, while saving money and the environment, tell your plumber or builder, "Make it a Merlin!"
