

Petite penny-pinching domestic all-rounder available for immediate start.

There are some very good reasons why more and more West Australians are choosing Merlin for their hot water needs. As well as being the cleanest, most efficient gas-fired water heater available, the Merlin 600E is the most economical way to heat water for your home. What this means for you is significant savings on running costs.

To enjoy the convenience of controllable, reliable hot water that will never run out, while saving money and the environment, tell your plumber or builder to, "Make it a Merlin!"
